

# Aquatic Adventures

Explore the wonderful world of water in the Lansing area and our Great Lakes State while enjoying the outdoors and engaging in fun learning activities. Complete 8 activities and show this passport at the library's Youth Services desk to receive a family fun prize pack!

Watch a movie or read a book in which water is an important theme or setting.	Conduct a water-based science experiment of your choice.	Go fishing at a nearby pond, river, or lake.
Make homemade ice pops with your choice of fruit.	Have a picnic by a pool or body of water.	Visit an aquatic or amphibious animal at a zoo, aquarium, or conservation center.
Find and take pictures of three different kinds of water birds (ducks, geese, cranes, etc.)	Visit one of the Great Lakes.	Play at a splash pad or with a sprinkler!
Go swimming!	Paint a picture of a water scene using watercolors!	Learn about one thing you can do to help protect our water ecosystems.
Go rafting, kayaking, canoeing, or boating with your family or friends.	Visit the Grand River and take a picture of your view.	Read and learn about two different aquatic animals, then compare and contrast them.
